The Legendary Quality That *Started It All*

While we invented the portable siding brake more than 50 years ago, there's no way we're sitting still. For your siding, roofing, trim and flashing fabrication needs, look no further than the many solutions offered by the world market leader, Tapco Tools.

The latest model in our comprehensive brake lineup - the PRO 50 - is the most advanced brake on the market with features like the new floating pivot hinge and dual durometer urethane strip.

Want to create a finishing touch that will distinguish your work? Turn to Tapco's Brake Buddy® roll-forming tool – a true job differentiator and profitability enhancer.

Need some business-boosting ideas? Visit the Tapco TV channel on YouTube for the most complete how-to video library and expand your brake know-how (<http://www.youtube.com/user/TheTapcoGroup>).

When you take a new look at Tapco Tools, you won't need to look any further.

Tapco Tools. Working with you since 1961.

"I bought a Tapco brake brand-new in 1989, and I'm still using it today. It's simple and easy. You can do a lot more with it than I've seen anybody else do with any other brake."

Mickey Sensinger, Self-employed Contractor

Tapco Brakes

PRO 50 Shown with optional:

- PRO Cut-Off
- Side-Winder
- Snap Stand

PRO 50 Brake

Forming Better Results

- New hinge system eliminates hinge wearing and material scraping.
- Moving hinge can be easily removed for cleaning and lubricating.
- Dual durometer urethane strip grips work piece, but is rigid where metal is crushed against anvil.
- Lifting handles can be positioned anywhere along the brake to suit the user.
- Star labels reference common bends used on job site.
- 19" Throat Depth

ITEM #	LENGTH		WORKING WEIGHT		CAPACITIES
	FEET/METERS		POUNDS/ KILOGRAMS		
15000	8'6"	2,59 m	104 lbs.	47,17 kg	Soft Aluminum: Up to .030 Galvanized Steel: Up to 28 ga. Copper sheet & coil: Up to 16 oz.
15001	10'6"	3,20 m	130 lbs.	58,96 kg	
15002	12'6"	3,81 m	158 lbs.	71,67 kg	

Tapco Brakes

PRO 14/PRO 19 Brakes

Bend trimwork on the jobsite like a PRO

- Stores material inside brake – reduces handling and flipping of material.
- Patented “Moving Pivot Hinge” increases bending power without marring material.
- 180° hemming capability for making more rigid panels.
- Available in 8'6", 10'6" and 12'6" lengths.
- PRO 14 also available in 10'6" Heavy Duty version.
- PRO 19: throat depth 19", mouth opening 2-3/8"
- PRO 14: throat depth 14", mouth opening 2-3/8"

“It’s increased my speed. It’s just plain easy to use. The throat opens wider to let us do more return-type bending so we have more solid corners and bends. The PRO 19 is a great brake. We’ve got the 10’ model and the stand with wheels, so we can move it around the jobsite easily. I revamped my 12’ tool trailer and it fits perfectly.”

William Breen

William Breen Builder, Grand Rapids, MI

Custom builder and remodeler for more than 25 years, and owner of another Tapco brake that’s 25 years old and still in good condition.

PRO 19 Shown with optional:

- Angle Gauge
- PRO Cut-Off Gauge
- Side-Winder
- Snap Stand
- Wheel Kit

The PRO System

Snap Stand®

Solid support for your portable brakes and saw tables.

- Legs adjust independently to level on uneven ground.
- Brakes and Tables easily snap and lock in place.
- Folds flat for easy storage.
- Sets up in seconds.
 - Item #11720
 - Working weight: 37 lb. / 16,8 kg

Optional Wheel Kit: Easy to attach, Steel hub, 10" Pneumatic tires

- Item #11989
- Working weight: 10 lb. / 4,5 kg

Side-Winder™

Keeps the coil at your side where you need it!

- Allows you to feed coil directly into the jaws of your PRO Brake.
- Attaches in seconds to PRO Series brakes (1995 and after excluding 12'6")
 - Item #10776
 - Working weight: 24 lb. / 10,9 kg
 - Capacity: up to 24" x 100' coil or maximum capacity up to 50 lbs.

PRO™ Cut-Off

Quickly and safely make factory quality cuts right on your brake.

- Lightweight aluminum construction built to last.
- Eliminates use of dangerous utility knives and open blades.
- Use with all PRO Series Brakes (1995 and after).
- Includes molded storage case.
 - Item # 10379
 - Working weight: 8 lbs. / 3,6 kg
 - Capacity: All Vinyl, Aluminum: Up to .030, Galvanized Steel: Up to 28 ga., Copper: Up to 16 oz.

"I enjoy the accessories. We use the accessories extensively – the slide cutter (PRO™ Cut-Off) and coil holder (Side-Winder™)."

Chad Jones, Ultimate Accents Construction

The PRO System

Angle Gauge

Take the guess work out of your bends.

- Mounts easily on any PRO, MX Series, or MAX-I-MUM II brake built after 1995.
- Quickly shows the bending angle.
 - Item #11663
 - Working weight: 1 lb. / 0,45 kg

PRO™ Cut-Off Gauge

Makes cuts faster without measuring each cut.

- Easily identifies distance for Cut-Off usage.
- Simplifies Cutting.
- For use with the PRO Series and MAX XL brakes.
 - Item #12250, includes 2 gauges
 - Working weight: 1 lb. / 0,45 kg

Brake Buddy®

Roll forming tool for use with portable brakes.

- Quickly and easily forms brick mold trim and decorative ribs.
- Enables you to offer added style and individuality to all your jobs.
- Easy adjustment with the flick of your wrist.
- Includes molded plastic storage case.
 - Item #11676
 - Working weight: 13 lb. / 5,9 kg
 - Capacity: .019 alum, PVC coated alum, and vinyl coated trim coil

STANDARD ROLLERS - INCLUDED

OPTIONAL ROLLERS - SOLD SEPARATELY

MAX-I-MUM XL

MAX-I-MUM XL System

Includes MAX-I-MUM II™ Brake, MAX Snap Stand with Wheel Kit and adjustable MAX Cut-Off™.

- Bends and forms commercial metals on the job site.
- Patented “Moving Pivot Hinge” increases bending power without marring materials.
- 180° hemming capability for making more rigid panels.
- Throat depth: 19", mouth opening: 2 3/8"

ITEM #	LENGTH		WORKING WEIGHT		CAPACITIES
	FEET/METERS		POUNDS/	KILOGRAMS	
11017	8' 6"	2,59 m	133 lbs.	60,1 kg	Aluminum: Up to .040 Galvanized Steel Painted: Up to 26ga. Soft & Annealed Copper: Up to 32oz. Stainless Steel, ½ hard: Up to 26ga.

Saw Tables/Slitters/Accessories

ProTrax shown on optional Snap Stand

ProTrax™ / MAXTrax™

The saw table designed for professional siding mechanics. Designed for oversized material.

- Cuts multiple angles from 3/12 to 12/12. MAXTrax: even on 16" panels.
- ProTrax extended full working length: 16 ft.
- ProTrax: 13" Deck width. MAXTrax: 20" Deck width.
- Accommodates almost any 7¼" circular saw.
- Captured saw track provides secure & safe operation.
- Free-floating saw boom for flexibility and time savings at the job site.
- Lightweight and durable tubular frame system.
 - ProTrax: Item #11850 MAXTrax: Item #12282
 - Length: 6' / 2,54 m
 - ProTrax: Working weight: 82 lb. / 37,2 kg
 - MAXTrax: Working weight: 113 lb. / 51,3 kg
 - Will accept material thickness up to 1.5"

ProTrax Deck Extender Kit

Extend your saw table for wider materials.

- Extends table deck to 20" to accommodate siding, soffit, and decorative siding profiles.
- Converts the saw table into a layout table or universal workstation.
- Kit contains 2 extension pieces.
 - Item #11988
 - Working weight: 9 lb. / 4,1 kg
 - Capacity: up to 24" x 100' coil

Port-O-Slitter shown with optional accessories: Slitter Snap Stand, Slitter Cut-Off, and PRO-Coiler

Port-O-Slitter® 24" System

Portable precision slitting and rib forming system.

- Two sets of cutting knives included to make single or multiple factory quality cuts.
- Forms strengthening ribs and perforates most materials.
- Optional 1/2 H.P. Motor Kit (specify 110v or 220v), available.
 - 24" Port-O-Slitter: Item #10385
 - Working weight: 82 lb. / 37,2 kg
 - Capacity: Soft Aluminum: Up to .030, Galvanized steel: Up to 28 ga., Copper: Up to 16 oz.
 - 24" Slitter Snap Stand: Item #12357
 - 24" Slitter Cut-Off: Item #10667

PRO-Coiler™

Portable trim coil holder for use with "Windy" SP™, Port-O-Slitter® or PRO 14.

- Lightweight and easy to use.
- Attaches and detaches easily.
- Allows for easy coil changes in seconds.
 - Item #10367
 - Working weight: 10 lb. / 4,5 kg

Perforating rolls sold separately.

Folding Legs

Light duty leg set for use with "Windy" SP or PRO 14.

- Tubular steel construction.
- 30" high, folds compactly.
 - Item #10147 - Windy
 - Item #10148 - PRO 14
 - Working weight: 13 lb. / 5,9 kg

The Tapco Group®: Innovation is our Cornerstone

All of our brands at The Tapco Group® are firmly rooted in innovation. Focusing on maintenance-free beauty, easy installation, sustainability and delivering the most colors and product options, The Tapco Group is committed to Innovation Born from Original Thinking™. From the basement to the roof, we have your needs covered. We invite you to learn more about the complete range of premium exterior products offered by The Tapco Group. www.TheTapcoGroup.com

InSpire® Roofing Products

InSpire offers the industry's widest color palette, including the only "color-through blended-color" tiles on the market. The proprietary manufacturing process ensures authentic texture for both InSpire's composite slate and composite cedar shakes, and correct weathering for elegance over the decades. Durability and safety are enhanced with a Class A fire rating and our InFlex design that delivers a perfect fit and strength that survives 110 mph winds. www.InSpireRoofing.com

The Foundry®

The Foundry Specialty Siding offers the handsome warmth of shake and shingle siding and the inherent charm of stone. Our proprietary manufacturing process uses more than a hundred molds cast from real cedar and stone, giving your home authentic texture with artistic color and premium durability. An ASA cap keeps colors rich for a lifetime. Contractor-friendly 5-foot panels are unique, allowing easy handling, less scrap and faster completion of homes. www.FoundrySiding.com

Atlantic Premium Shutters®

When only the best will do, Atlantic Premium Shutters provide the ultimate level of sophistication for homes. Atlantic's architecturally-correct shutters are handcrafted to each homeowner's specifications, adding detail and dimension with operability or full functionality. The Architectural Collection's cutting-edge construction lasts a lifetime, while its protective finish ensures the rich color you select will stay vibrant for years. www.AtlanticPremiumShutters.com

Mid-America Siding Components®

Holding more exterior-product patents than anyone else, Mid-America Siding Components help builders and contractors finish the job, with decorative products that install easily and provide standout curb appeal. Our innovations allow quick and efficient installation while delivering a finished look. Offered in the industry's widest color palette, Mid-America products add versatile style to exteriors ranging from brick to fiber cement to stone veneer. www.MidAmericaComponents.com

Wellcraft® Egress Systems

For code-compliance and peace of mind, Wellcraft Egress Systems provide critical escape routes while making basements more livable. The systems' simple use delivers an emergency exit that even children can operate. Basements are enhanced by the addition of natural light and fresh air, and innovative well designs even allow homeowners to create a scenic look by adding flowers and plants directly into well steps. www.WellcraftWells.com

SturdiMount®

SturdiMount by Mid-America is the mount block of choice for providing fiber cement homes with a superior finish and a trusted water management solution. Integrating fiber cement with a durable nailing flange, SturdiMounts are pre-flashed and pre-assembled to save time, while also ensuring the cleanest finish for coach lights, hose bibs, dryer vents and other applications. SturdiMount products are the only mount blocks to carry the "Recommended by James Hardie®" logo and are cited in the Hardie Best Practices Guide under General Installation Requirements. www.SturdiMount.com
