HATHORN DuraScope™

**MICRON CAMERA
REELS**

**Easy
to use
Wi-Fi App!**

**For use on
phone or
tablet!**

Micron DuraSCOPE™ camera reels can be used with Hathorn control modules, or used with your own mobile Apple/Android device, if you choose the Wi-Fi PipeSTREAM™ option. The Wi-Fi option is a standalone camera system that allows live streaming and recording to up to four devices at the same time using Hathorn's free app.

Micron DuraSCOPE™ reels are trusted by plumbers, general contractors, and home inspectors to deliver high definition, recordable video inspections. These municipal grade reels offer butt-welded steel frame construction and premium 1/4" cable allowing you to push in a small diameter pipe. Hathorn DuraSCOPE™ reels come equipped with your choice of DuraCAM™ 1" or 7/8" straight view camera heads, allowing you to inspect pipes from 1" to 3" with ease. DuraCAM™ heads are also equipped with super bright, cool running LEDs for optimal HD picture quality.

Micron reels are only 16" tall and weigh under 16 lbs. The Wi-Fi option is powered by an external Milwaukee® 18V or compatible battery (sold separately), which can last up to 6 hours. These features give Micron reels the ultimate in portability and allow you to stay in the field longer.
