

Welder/Generators - **Reliable. Dependable. Professional.**

- Versatility:** ♦ Easily switch from welding to power-generation to adapt to jobsite needs
- Reliability:** ♦ Honda GX industrial-use engines with OHV protection starts when you do
- Professional:** ♦ Full-frame design and high-quality components ensure long-lasting performance for professional results

Generator
and
welder!

EMWDC160

Model	EMWDC160
Description	11 hp Welder/Generator
Engine	11 hp Honda GX340 OHV
Rated Generator Output (110V DC)	3000 W
Tank Capacity	12 l (3.17 USG)
Average Run Time/tank (hrs)	313 g/kWh
Rated CC DC Output	160A / 60% duty cycle
Welding Output (DC/CC)	50A - 160A
Dimensions (L x W x H)	28" x 20" x 21"
Shipping Weight	175 lbs
